

Air War: Axis Vs Allies

Features several films with excellent footage of B-17's, B-24's and B-25's, plus German Luftwaffe footage.

The National Combat History Archive is a foundation dedicated to the aggregation, preservation and dissemination of military combat and military related film, photographs and personal memoirs. The mission of the National Combat History Archive is to make this important history accessible to researchers, educators, students and historians so that the record of America's rich military heritage will be preserved for generations to come. Over 90 min of rarely before seen interviews, documentaries, war footage and more from private libraries of veterans from WWII. This action packed and stunning DVD contains the following programs: WWII Advances in Technology: This short film reveals some of the many technology advancements that were made during the course of WWII. Mission Accomplished : This film covers the first B-17 mission into Germany. AAF Weekly Digest #45: The role of the pilot is explored as this film follows pilot briefings and bomber runs. Excellent footage of B-17's, B-24's, and B-25's. B-25 Low Level Strafing: Watch specially outfitted B-25s flying at treetop level while strafing factories, railroad yards, bridges, towns and anything else that moves. You can see people and animals running as the B-25 Mitchell bombers touch the trees while speeding just over the ground. The footage is from 38th BG of the 5th Army Air Force, "The Sun Setters", Action in 1945 on Formosa. Lost Luftwaffe Films: Compiled entirely from German Luftwaffe film footage, this film is a rare glimpse behind the German wall. The film begins with a group of Luftwaffe officers being briefed and dismissed for duty. As their leader speaks to them, we see close-ups of pilots are seen.
