

Isle of the Snake People

Frightmare! Born of Jungle Witchcraft! Created by a Curse and Beast - Thing from the Flames of Hades!

DESCRIPTION

A small remote island is the home for voodoo rites, death cults and an evil priest named Damballah. Local law officials turn a blind eye to their evil ways until Captain Labesch arrives from the mainland. Determined to crack down on the island's lawlessness and clean up the ineffectual, hard-drinking police force, Labesch appeals to plantation tycoon Carl Van Molder for assistance. Van Molder owns nearly half the island and has spent his life studying parapsychology and secret powers of the mind. Meanwhile, beautiful native girls are being transformed into zombies! A sinister snake dancer named Kalea impels them to attack and devour anyone who gets too close to their unholy rituals. AKA: "Cult of the Dead," "Isla de Los Muertos," "Isle of the Living Dead and Snake People."
