Evil has a new address... Yours!

DESCRIPTION

Karen Cook was your average high school student... until the night evil invaded her life. She would soon be known as the lone survivor of a seven-day killing spree perpetrated by a seventeen year old boy the world would come to call "Basement Jack". For the next eleven years, Karen Cook lived in fear that one day Basement Jack would be released. Then, a court hearing in 2006 found that Jack Riley had not received a fair trial and he was released from a state institution. A year later, murders baring a shocking resemblance to Basement Jack's old MO were occurring around the town of Downer's Grove. Karen Cook soon realized that the maniac was hunting her and that the only option left to her was to find Jack and kill him. So the hunt began. And on a stormy night, in the town of Downer's Grove, the killer and his prey would find one another and as they hunt one another the citizens would have to fight to survive the blade of...
