PALAST DER REPUBLIK

EINSTUERZENDE NEUBAUTEN PALAST DER REPUBLIK

This performance was filmed on November 4, 2004 at the Palast der Republik in Berlin, the former Parliament building and symbol of the no longer extant DDR (East Germany). The Neubauten found the steel skeleton of the ruins of the Palast a congenial location for their architectural-musical fantasies and field studies. Accompanied by a 100 member choir, recruited from the supporters of the www.neubauten.org Internet project, they played in and with the building in their inimitable, almost literally building-collapsing fashion. **Contains previously unreleased songs, band commentary and more.**
