

HIP HOP TIME CAPSULE THE BEST OF R&B - 1993

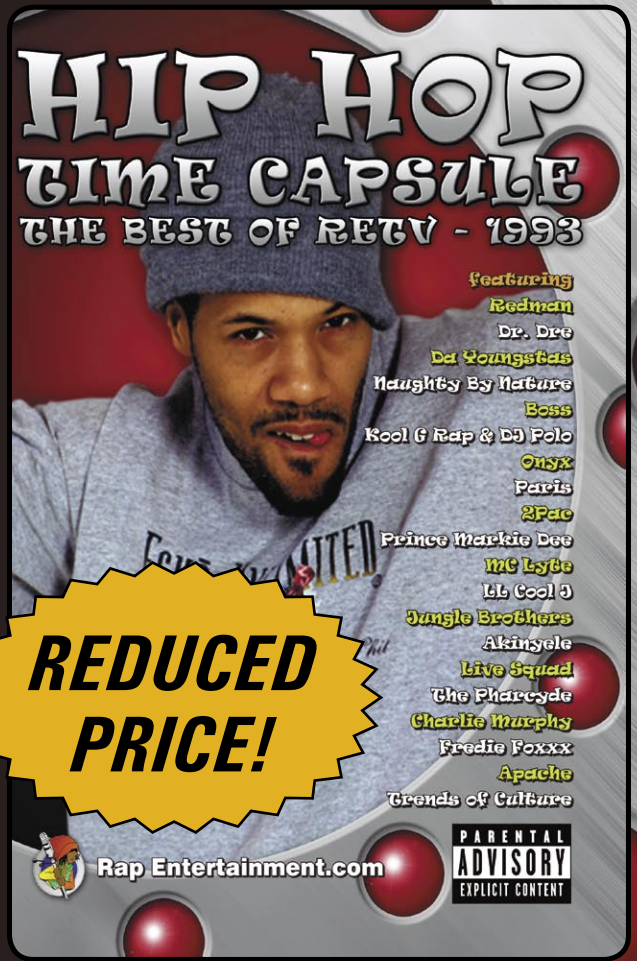

The early 90s was a great period in the history of Hip Hop. The vibe was upbeat, yet hardcore, as groups were becoming more innovative and incorporating multiple elements of modern music to form beats completely original and unmatched. The lyrical styles remained street savvy and eloquent, but harsher new styles such as those of Redman and ONYX emerged. This DVD takes a look back at the videos, interviews, performances, and freestyles of 1993, and features over 20 artists.
