## Greatest Hits Live

When 707s self-titled debut album was released the world of AOR took **immediate notice**. From takeoff to landing this album was filled with **rock anthems that were supported by top-notch musicianship**. For their sophomore studio effort, aptly entitled The Second Album, 707 continued by writing and recording some **truly classic** tunes. 707: Greatest Hits Live shows that Phil Bryant, Tod Howarth, Jim McClarty and Kevin Russell were as much at home in front of a crowd as they were in the studio. **This CD is note for note how it happened 20+ years ago and was filmed on February 1981 in Los Angeles.**
