

Snapline - Future Eyes

Post-punk from Beijing, China. Produced by Martin Atkins.

DESCRIPTION

Snapline have become, almost overnight it seems, perhaps Beijing's fastest rising young band. Their music is informed by the noise and minimalist musicians of the 70s and 80s, together with industrial and post-punk influences like Joy Division and the Cure. They have collaborated with producer and ex-PIL drummer Martin Atkins on this album and are one of the most innovative bands in China.
