## Live! 12/28/2005

This DVD features a sold out show recorded on December 28, 2005 in Hamburg, Germany at the prestigious venue Fabrik (a wonderfully designed old factory). LAKE made their way to the **US Billboard charts** and **toured the States with the likes of Lynyrd Skynyrd and Hall & Oates**. When frontman **James Hopkins-Harrison** passed away in 1991, LAKE broke up. In 2003, original member Alex Conti, **one of the best German axe wizards around**, decided to reform the band. **Since then, they have played over 200 gigs**, performing new songs from their 2005 comeback release *The Blast Of Silence* and mixing in old time faves. This DVD presents a wonderful example of the band's **legendary brand of German Prog Pop**.
