# Rick Wakeman

## Fields Of Green

---

Fields Of Green is the latest in the series of re-issues in the overhaul of Rick Wakeman's back catalogue. Originally recorded and released in 1997, this album features a version of King Arthur that the BBC had decided to use as music during their General Election coverage of that year. Also featured on the album is a re-recording of the Yes classic *Starship Trooper* which is one of the few Yes songs that Rick regularly performs away from the band.
