ROCK STARS

Rock Stars

Rock Stars' is an honest, no-holds-barred look into the world of crack addicts. Anthony Quinn, the director who brought you "King of the Streets", now takes you into the life of "Rock Stars", which focuses on crack users in some of the most dangerous cities in New Jersey: Newark, East Orange, and Irvington. The film offers a disturbing look at the sobering and desperate lives of the addicted, and exposes the dangerous, hilarious and outrageous effects of crack use.

"If the streets were talking before,
wait until they press play on this one."
