## Colour Me Colourful

"Colour Me Colourful" finally puts into perspective the ever burgeoning talent of artist/musician Roesy. An album of jazz tinged soul with a wonderful Technicolor explosion of big melodies and mournful ballads, it's obvious that the broad palette that influences "Colour Me Colourful" has expanded this singer / songwriter beyond that term. This album features guest vocals by Carol Keogh and was mastered by Mike Marsh (U2, Bjork, Massive Attack, PJ Harvey, Sinéad O'Connor, Death in Vegas). For his new album he created an installation at The Factory in Dublin. The entire process has been photographed and appears on his website. [www.roesy.net](http://www.roesy.net).
