Rick Wakeman

Sixty Minutes With...

Covering most aspects of Rick's solo career from the classical to the symphonic and back to the progressive rock. The collection includes **Jane Seymour and Catherine Howard, two tracks that first appeared on Rick's hugely successful Six Wives Of Henry The VIII album.** In between is **over 30 years of magnificent keyboard based music including a version of Starship Trooper/Wurm,** which has now become a stage favourite of Ricks. Proving also that Rick can sometimes venture into the mainstream is **the track from Rick's hugely popular album 1984 featuring guest appearances from Tim Rice and Jon Anderson.** Julia also features **American soul and funk vocalist Chaka Khan.**
