(YARD)BIRD WATCHING: YARDBIRDS STORY ON DVD!

The story of **The Yardbirds** is told on the forthcoming aptly titled *The Story of The Yardbirds* DVD, due November 11. The documentary covers the years between 1963 and 1968 and contains original tunes, archive concert footage, interviews with bandmates, footage of all three superstar guitar players, **Eric Clapton, Jeff Beck** and **Jimmy Page**, including bonus footage of a very young Page performing on German TV. Visit www.mvdb2b.com for more information.

Dial Global (www.dial-global.com) is radio's largest full-service, independent radio network, providing national advertising sales representation to over 200 radio programs and networks in addition to Dial Global's own programming and services. Including the Jones Digital Formats and the Dial Global Digital 24/7 Network, Dial Global Programming now produces and syndicates approximately 100 music programs and prep services in a variety of formats to more than 6,000 radio stations nationwide.
