Fall music warms the season

New releases make holiday shopping a breeze

By Paul Freeman

- "Wake Up Screaming" DVD
Know anyone who would like a backstage pass to the Vans Warped Tour? This documentary gives you an all-access pass into the wildness. Much of this is seen from the perspective of fervent PETA activist/punk roadie Jason Bayless. Yes, there's music, as well - intense performances by more than 20 bands.
- "Stop the War Coalition Benefit Concert" DVD
Outstanding artists perform on behalf of the UK anti-war group. The material concentrates on Rachid Taha with Brian Eno. There are also numbers by Nitin Sawhney with Eno and a guest appearance by Mick Jones. Imogen Heap's "The Moment I Said It," stands out. Peace on Earth and goodwill toward humankind?
