In January 2007, MVD promoted a contest to design the cover for this Special Edition of **HATED**. We asked **GG** fans to create and submit their artwork using whatever medium they preferred. Entries were judged by **MVD, Todd Phillips** and **Merle Allin**. The winner was picked and their art was used to develop the final product appearance. Be advised, some of the following artwork is very graphic in nature.

On the morning of June 28, 1993, fourteen years after recording his first album, punk icon **GG Allin** was found in a Lower East Side, New York apartment, dead from a drug overdose following a final riot-inducing show. His sudden death surprised those who knew **Allin**, but the irony that he would die alone was lost on few—following his years of threatening to take his own life on stage in mid-performance.

This documentary, finished just before GG's demise, chronicles his life in unflinching fashion, never turning from the on-or-off stage havoc **Allin** created to challenge a nation of non-believers. **Allin**, who had been arrested over 50 times (on charges ranging from disorderly conduct to exposing himself to minors to public defecation) broke parole to appear in this film. Featured here is not only his live act that drew the curious and scared the knowing, but the injuries, police activity and rock 'n roll savagery that will be his legacy.

Director **Todd Phillips** is an Academy Award-nominated writer and a director famous for hit comedies such as **Road Trip, Old School Starsky & Hutch**. **HATED** is his first film. A documentary originally intended as a senior film project at New York University (NYU), **HATED** went on to become the highest grossing student film at the time and helped catapult his career. Todd was also responsible for booking "spoken word performance" at NYU where **GG** stripped in front of the crowd, inserted a banana in his ass and taunted the audience with threats and obscenities—causing them all to fear for their own personal safety.

"*Hated* is disturbing, intriguing, and often darkly funny... Todd Phillips creates a genuinely intriguing portrait of Allin that's neither damning nor apologetic."  
- Matt Ashare, **BOSTON PHOENIX**
