Blackalicious

4/20 Live in Seattle

By Thomas Quinlan

January 09, 2007

Blackalicious opens this hype performance with their classic "Alphabet Aerobics" and continue through hits lik Arrow," "Deception" and "Lady Don't Tek No" before ending with a wicked freestyle jam spotlighting everyone in the tour. Unfortunately, the transfer of the concert to DVD leaves much to be desired. While the full feature includes informative and interesting interview answers spliced between songs, the concert-only option contain where the interviews were excised away without reintegrating the missing concert footage. So, no matter how watch it, 4/20 Live in Seattle never allows the momentum to build as it would in a live setting, and that's a st least they include a quick visit to the tour bus and the video for "Deception" as bonus goodies.
