**Marc** [Published on: 15 Aug 2007](#)

A very interesting DVD indeed. **Rick Wakeman** sitting on a stage in front of a small crowd, playing some of his most famous pieces, but also **Simon & Garfunkel**, **Beatles** and more. In between songs he stands up and discusses his career, music and life in general, all done with humour, to the enjoyment of the crowd in attendance.

**Wakeman** plays in typical "Wakemanish" fashion... very flashy. But hey!, the guy has millions of fans all around just because he has always played that way and he sure can still do it.

Watching this DVD is almost like having **Rick Wakeman** in your house for an "in home" concert. If you like **Rick Wakeman** you will want to have this one for sure.
