I was glad to discover this DVD via a random search for something new by Incognito. Good thing I found this treasure. Maysa and Jocelyn Brown appear together! Both had big star turns fronting for "Bluey" 's acid jazz ensemble of talent. I love the E, W & F and Stevie Wonder influence that always flows from "Bluey" & Co. Strong harmonizing vocals, big horns and STRINGS abound throughout this five star live concert. I gave the DVD of this four stars because of the too dark stage lighting. Otherwise, nothing else can be said negatively of the show. I felt like I was there.

This is a great example of all that makes Incognito possibly the best Acid Jazz ensemble of all.

I have been a fan of Incognito since I was a young girl. They have been around for 30 years, can you believe it? Sadly, they do not come to the United States to tour often so I bought this DVD. While the camera work is not as sharp as it could be, the performance itself is great. The sound is wonderful and I felt like I was actually at the concert.
