**Dimeola** on acoustic guitar playing some **Astor Piazzola** music. I was expecting a relaxing album from **Dimeola** but this is not what I got with *Diabolic Inventions and Seduction For Solo Guitar, Volume I*

Being an occasional **Piazzola** listener I must admit that if I had not known it, listening to *Diabolic Inventions and Seduction For Solo Guitar, Volume I* would have never guest that he was behind what I was hearing. **Dimeola** plays it very technically and sometimes pretty frantic. This is surely not music to relax to with your girlfriend...

If you are a **Dimeola** fan, this cd is a chance to catch him playing something somewhat different. Also, if you are into intense and technical acoustic guitar, *Diabolic Inventions and Seduction For Solo Guitar, Volume I* could very well be to your liking.
