[CD Review: *Animal Man* by Rogue Male](#)

Read 193 times.

Rogue Male were an interesting band, formed in the mid 80's they had a brief time in the spotlight. *Animal Man* was their second foray into the recording world, and likely their best. They are mostly described as a metal band, but they certainly had aspects of glam about them.

It is high time that the world had the opportunity to experience this band one more time. *Animal Man* was originally released in 1986, but is as fresh today as it was then. The band was the brain child of Jim Lyttle, who, at least in my mind was not quite sure what direction he wanted to take the music in. Today we refer to it as the New Wave of British Heavy Metal, but it was really not a very cohesive style, bands took off in all the points of the musical compass.

One of the more amusing aspects of this re-release are the sleeve notes, they were clearly written on this side of the pond 'The band was formed in 1985 in Belfast, UK..'. I can think of no-one in the UK that would say such a thing. Belfast is Northern Ireland!

This album is good solid, albeit mainstream metal. Created when Metal was in its formative stage, it does demonstrate quite well the genre, and where it was going to head in the future years.

You can pick up your copy of *Animal Man* from [MVD](#).

Hot Topics, In-Depth:

While BloggerNews.net is known to provide up to the minute information on a wide variety of topics, at times a more in-depth analysis of a topic that is being written about by our writers is warranted. This section of BNN provides just that – an area of the site that looks deeper into a topic, delves into the actual facts behind it, and provides more than just a summary overview of what is happening right here and now.

From something as mundane as an overview of how credit scores work, to life and death topics such as mesothelioma, we are committed to creating a growing library of information for our readers. Featured Blogger, July/August:

BloggerNews.net would like to thank and congratulate our Blogger of the Month for the month of June 2008 – [Kevin Tipple](#) for his outstanding contributions to BloggerNews.net, including nothing but a fantastic number of great book reviews!

Kevin is a contributor to Blogger News from the great state of Texas, and writes on a variety of subjects - as long as they have to do with books, and nothing else... Which, apparently, sometimes even talk to him (Yes - the books). Turns out he is a very good book reviewer, however, so this doesn't seem to have worked out too badly for him.
