None of these wankers could play Moby Dick, that's why. However, the more important question here is ...

Frankie Banali has his own website????

Frankie's an amazing drummer. He's capable of much more than what he plays with Quiet Riot. Helluva nice guy too.

Apart from not having Moby Dick on the list I'm kind of surprised that they don't have Jason as a guest drummer in any songs...

This can appeal to alot of people rather then just one band doing this like great white albeit they did a good Zep album tribute.
