American Speedway - New Album "Ship Of Fools" Out On Jan 22, 2008

American Speedway has just gained support from the music marketing powerhouse, The Syndicate, who will be pushing the band to radio and press, and using its street team campaigns for added awareness. You NEED to hear this band live! They play loud, heavy and fast, something that seems to be missing in a lot of modern rock music these days.

"Their music is as cool and ferocious as Motorhead. Guitars blaze like Electric Frankenstein, but with more attitude." - Life In A Bungalo

"We've had a lot of good bands open up for us, but you guys... WOW!" - Joey Drinktickets, merchandise manager for the Koffin Kats

"You guys can play here anytime you want, and when the right National comes in, you guys are on the bill!" Joel, 31st Street Pub - Pittsburgh

"You guys were amazing, can you play again this evening?" Dave, Director of Heavy Rebel Weekender - Winston-Salem, NC.

Their debut release "Ship of Fools" comes out on January 22nd via MVD Audio.
