No single figure in American music so dominated a genre as did Bill Monroe with bluegrass. *Bill Monroe: Father of Bluegrass Music* features performances by Bill Monroe & the Blue Grass Boys, Lester Flatt, Emmylou Harris, Paul McCartney, the Osborne Brothers, Dolly Parton, Ricky Skaggs, Marty Stuart, John Hartford and a once-in-a-lifetime Blue Grass Boys reunion featuring Del McCoury, Chubby Wise and Bill Keith.

The film features archival footage and rare 1990s performances from Monroe's final years including many of the greatest songs from his six decades of recording, such as "Uncle Pen" and "Muleskinner Blues." In addition, it offers unparalleled access to Bill Monroe telling his story in his own words.

Other interview subjects include the Grateful Dead's Jerry Garcia and country music legend Roy Acuff, in one of his final film appearances. *Bill Monroe: Father of Bluegrass Music* stands alone as the most intimate and detailed portrait of this unique musical innovator.

The DVD format video has a suggested retail price of \$19.95. The program runs 90 minutes with all the performances and interviews. You can find out more on the web at mvd2b.com
