TWO NEW BEATLES-RELATED DVDS DUE IN NEW YEAR!

Two all-new **Beatles**-related DVDs will be made available next year exclusively via MVD Visual (www.mvdb2b.com). As the title implies, *Destination Hamburg* (due Feb. 19) is a 60-minute documentary that uses contemporary film and recently rediscovered and restored footage to chronicle the backstory of the Liverpool band's rise to success. The disc also includes archive interviews with **Paul McCartney**, **John Lennon** and **Ringo Starr**. The 80-minute *Composing The Beatles Songbook: Lennon and McCartney 1957-1965* (out March 18) focuses on the partnership, music and impact of Lennon and McCartney as composers.
