

PARADISE

Chinese beauty Shion Machida stars in the sweeping, lyrical *Paradise* (2005). Shion starred in two other productions in 2005 – *Zenshin to koyubi* and *Jiyū ren'ai*—but only here does she get naked. Specifically, Shion bares her right breast at the forty-eight-minute mark and then follows up with two full-blown T&A revelations. Shion is so heavenly hot, it's no wonder they called this movie *Paradise*! Skinfo

The Chinese *Paradise* is not to be mistaken for the Israeli-made *Blue Lagoon* rip-off that is also titled *Paradise* (1982). That one is still the very best place to see Phoebe Cates naked. There's also the Don Johnson-Melanie Griffith romance called *Paradise* from 1991, in which Sarah Trigger will get your finger itching on yours when she goes topless.
