[DVD Review: Heads Up 2006](#)

Drums and more importantly drummers are an intrinsic element in most bands. Their importance is often overshadowed by the lead guitar and the vocalist. Many bands would fail without that guy, or girl banging away in the background.

Heads Up is a DVD entirely devoted to drumming. The artists include: Gregg Bissonette, John Blackwell Jr., Gerald Heyward, C.G. Ryche, Sean McCurley, Louis Santiago Jr, Nathaniel Townsley, Bill Bachman, Christopher Coleman, Andrew Lloyd and Derek Winkley.

Alas the drums on their own, with the noticeable exception of the steel drums do not make for a very satisfactory solo instrument.

Luckily Heads Up does include other instruments and vocalists. Otherwise it might just be voted the most boring album ever made.

I am still unsure why this DVD exists. Yes, they are all fine musicians, but the drums offer such a limited range that drum solo, after drum solo becomes somewhat boring.

You can get your copy of Heads Up from [MVD](#).

Featured Blogger, July/August:

BloggerNews.net would like to thank and congratulate our Blogger of the Month for the month of June 2008 – [Kevin Tipple](#) for his outstanding contributions to BloggerNews.net, including nothing but a fantastic number of great book reviews!

Kevin is a contributor to Blogger News from the great state of Texas, and writes on a variety of subjects - as long as they have to do with books, and nothing else... Which, apparently, sometimes even talk to him (Yes - the books). Turns out he is a very good book reviewer, however, so this doesn't seem to have worked out too badly for him.
