Iggy & the Stooges - Escaped Mania DVD coming!

Here's a real barn-burner for ya - on July 8, 2008, Music Video Distributors will be releasing *Escaped Maniacs*, a double-DVD set featuring a full-length concert performance from Iggy & the Stooges.

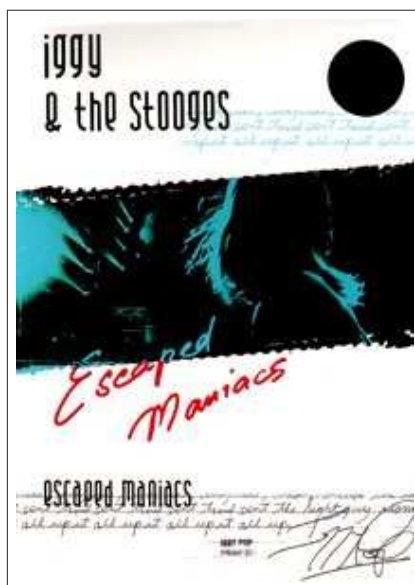

The two-disc DVD offers a powerhouse Iggy & the Stooges appearance at the 2005 Lokerse Festival. The band's set includes

blistering versions of most of the tracks from the first two landmark Stooges albums as well as two of Iggy's relatively newer songs, "Skull Ring" and "Dead Rock Star." The band features original Stooges, brothers Ron and Scott Asheton on guitar and drums, respectively, along with former Minutemen bassist Mike Watts and, of course, Iggy himself on explosive vox.

Escaped Maniacs runs over five hours in length, with sixteen live Iggy & the Stooges songs, two different versions of the concert ("Original" and "Director's Cut"), an interview with Iggy, DVD Rom content and an Iggy retrospective documentary.

Labels: DVD, Iggy and the Stooges
