The co-director of [Style Wars](#) and [From Mambo To Hip Hop](#) returns to the Bronx for a look at gang culture and its influence on Hip Hop.

This documentary shows the rise of gangs in the South Bronx, their original intent, and what they morphed into.

It also follows those same gang members years later, living in the same place, now with kids of their own to protect.

An in depth look at the birthplace of Hip Hop, this video is the perfect addition to any collection.
