Drop Dead Rock

Eighties pop stars (well, she's '70s too) Debbie Harry and Adam Ant star in this parody/celebration that's mighty wacky and goofy. The story of [Drop Dead Rock](#) follows the misadventurous of a band called Hinderburg (there's a clue right there) that head into cartoon land. It's not a mockumentary — it's a rock 'n' roll Looney Tunes tale with Merry Melodies. The group is led by the hysteical Spazz-O whose ex-porn wife is Harry, while Ant plays the sneaky, out-for-himself manager and does it quite well, thank you. A midnight movie, even at home.
