SPOTLIGHT ON ARIKA KANE

New Single:

Arika Kane [Click here to the January cover story] back with the latest from her self-titled album. "The Lovers" is a smooth jam that is tender and genuine. When asked where she goes to find such emotion in her performance, Arika responded, "When singing, the place that I find emotion is in the moment. I lose myself in the mood and atmosphere of how the music makes me feel. It becomes a world of total freedom of expression . . . it's like I'm on a blank canvas and the music is my guiding hand to the picture."

Lyricaly, the track is a beautiful collage of images that depicts special moments and feelings that let you know you are truly in love. "4 The Lovers" is a perfect example of what my goal is: to connect

people in a universal way thru music. This song joins all of us through that tingly feeling of being in love — that feeling we've all experienced or that we desire — and it celebrates that moment."

"4 The Lovers" is a sparkling track with a fresh sound that is rooted in an old school R&B vibe. Arika makes it absolutely magical with honest, passionate vocals that both calm and excite as they offer the promise of real love.
